Board of Dentists
LaLonde Building
Helena, MT 59601

BOARD MEETINGS

January 17, 1973 - - Ponderosa Inn, Billings, Montana

After a review of the rules and regulations of the Administrative Procedures Act, the Board confirmed the approval of the rules and regulations adopted by individual members of the Board in December.

After discussion on the format and plans for the annual Directory, it was agreed to have it duplicated rather than sending it to a printer as has been done in the past.

Dr. Petersen reported on the meeting of the American Association of Dental Examiners in San Francisco, October 26-28, 1972. The materials gone over at the national meeting were passed out to the Board members.

Approval was given for the reinstatement of the license of Dr. Harold T. Perry of Elgin, Illinois. A dental student in the Republic of China was to be advised that Montana has no provision for evaluating and licensing foreign students.

A workshop set up by the American Association of Dental Examiners was announced for February 9 and 10.

Dr. Don Erickson of Billings presented a proposal regarding utilizing third and fourth year dental students as Dental Hygienists. This program has been acceptable to the State Society; but the students, it was felt, must have been through a Dental Hygienist program, or equivalent, take the national Board and take the State Board exams as to regular Dental Hygienists. The Board agreed to support such a program as proposed by Dr. Erickson but only under the idea that it would have to follow the State Law as it reads.

Dr. Petersen read material from the National Board Examiners on expanded functions for Dental Assistants. Under our Montana State Law, there is no way we can handle expanded functions of auxiliaries.

A report of license renewals was read: 355 notices to Montana Dentists and 239 out of state Dentists; 97 to Dental Hygienists. Application forms mailed to 37 Dentists and 13 Dental Hygienists for examinations to be given in June.

May 12, 1973 - - LaLonde Building, Helena, Montana

Fumiko Saito, who is serving as Director in setting up a Dental Hygiene program at Carroll College in Helena, was invited to the meeting to report on the progress and problems involved in this program. She presented background information on the goals and planning and the financial aspects. She had just received word that an application for a Federal grant had been disapproved but felt that with the present administration changes in this area new programs will be established. Present plans call for remodeling the ground floor of Guadalupe Hall with about twelve operatories at an estimated cost of about \$90,000. This amount could be reduced to about \$66,000 if cut to ten units. They are thinking of a class of twenty students and would like one instructor per five students for clinical training.

There was some discussion on giving credit for past courses and experience in dental hygiene work in the case of Ex-military, etc. In considering expanded functions for Dental Hygienists and Dental Assistants, it was agreed that they should have adequate background and training. The Board recognized the need for study and action on setting up rules for presentation to the Legislature.

Miss Saito asked the Board members for their advice regarding used equipment available for the new Dental Hygiene Program. They were of the opinion that some items which were not way outdated should be accepted but that the students should learn on equipment like they will be using when they go to work. The suggestion was made that there may be some good used equipment available from military bases that are being closed.

The Board voted to contact our Senators and Representatives to recommend that they give their support to fully funding the establishment of a Dental Hygiene School at Carroll College. They expressed their appreciation to Miss Saito for her report and pledged their support for the program.

Dr. Petersen read a letter from Mrs. Barbara Flaherty, President of the Montana State Dental Hygienist Association. She expressed concern about unqualified dental auxiliaries doing prophylaxis. After discussion of common violations and the responsibility of the Board in setting and approving standards, rules and regulations, it was decided that a letter should be sent out to all licensed dentists in Montana reminding them of the requirements under the Dental Practice Act.

The program for dental school students to serve in dental offices in the state was reviewed. It was again agreed that these students must come in as Dental Hygienists, be certified by the dental school and pass the National Boards for hygienists to qualify.

Delinquent renewals - - Instructions were given to send each licensee who did not renew as yet, a Certified Letter before taking any steps to revoke their licenses.

Old records and minute books of the Board of Dental Examiners were reviewed. It was discovered that one book (a large book with rice paper and a torn cover), from around 1900, is missing. A search will be made for this. (Note: This book, along with a trunkful of old records, was later turned over to the Board.)

State Board Examinations to be given June 25-27 were discussed and necessary plans were made. Dr. Sullivan reported verification of space at Eastern Montana College.

Dr. Roch reported that he had been appointed to serve on a Peer Review Committee for the state. Dr. Moses will represent the Board at the annual meeting of the A.A.D.E. in Houston, Texas, October 25-26, 1973.

June 24-28, 1973 -- War Bonnet Inn, Billings, Montana

At the first session, final plans were made for the examinations; and the applications of thirty-eight (38) Dentists and twenty-six (26) Dental Hygienists were reviewed.

Expanded functions of dental auxiliaries came up for discussion, and several questions were brought up; support for the School of Dental Hygiene at Carroll College was discussed and letters from Mike Mansfield, John Melcher and Dr. Cottler to Dr. Sullivan were read. Dr. Sullivan also reported on information received by telephone regarding Federal Aid. In regard to the curriculum, the question was whether or not we can teach procedures and duties in our school which are not allowed by our law.

Dr. Koffler appointed a committee of three to coordinate expanded duties, check on the school curriculum in relation to the state law, and make up the necessary rules and regulations. The Committee is to report on the progress at the next Board meeting. Appointed were: Dr. Roch, Dr. Petersen and Helen Peterson.

Advertising - - Dr. Roch presented a clipping from the Great Falls Tribune showing an ad of the Art Dietrich Denture Clinic in Lethbridge, Canada. The legality of such advertising was questioned, and it was decided to ask for a legal opinion on this type of ad which is becoming more prevalent from North and South Dakota as well as Canada.

Correspondence with the Glasgow Air Base Comprehensive Health Center concerning supervision of Dental Hygienists who may be employed. Decision was postponed until more information can be obtained regarding the duties to be assigned and the possible supervision of a local dentist or M.D. on the base.

Dr. Koffler presented a letter from Dr. Law, Dental Coordinator for HEW, regarding their assignment of a dentist to the Daniels Co. Development Corporation. They wish to allow a graduating dentist to practice there under the Federal licensure until the next Montana State Boards. The Board agreed to cooperate with the program within the limits of our statutes.

The law providing for suspension of license fees for military servicemen was read and discussed. It was decided that we should notify those in the Service of this provision and that they need not pay the fee until six months after their discharge.

The Dental Hygiene license of Jeanne W. Keller was revoked after a Certified Letter to her was returned unclaimed.

Examinations - - Dental Hygiene examinations were given on June 25 to eighteen (18) applicants and three dental school students from the University of Minn. who will work in dental offices in Montana for the summer. Seven (7) Dental Hygienists, applying for licensure by reciprocity from Wyoming, appeared for their interview. Thirty-six (36) dentists were examined on the 25th, 26th and 27th.

June 28 - - The records and grades of the examinees were compiled. All the Dental Hygienists passed the examination. There was one failure among the Dentists examined.

The 1974 examination plans were discussed. Date: June 24, 25, 26, 1974.
Date of Board Meeting: Sunday, June 23, 1:00 p.m. and Thursday, June 27, 8:00 a.m.

The Recodification of the Dental Practice Act was discussed. The Board agreed to accept the changes as set forth by the Executive Reorganization Office for the recodification of the law.

Election of Officers for 1973-74

Dr. J. C. Moses, President
Dr. Harry Z. Roch, Vice President
Dr. J. S. Petersen, Secretary

The meeting adjourned until the Mid-Winter Meeting in January, 1974.
